Letitia is our database manager and will update her records using your confirmed information. Invitations will be sent out in September so the sooner we can complete this process, the better!

Spread the word! Let's use the internet to let other classmates know about the reunion. Please forward this e-mail to other classmates in your address book and ask them to do the same. Chances are that almost everyone in our class has kept in touch with a number of people that we don't have current information on. The point is, make sure all of the friends you want to see will be there. **After all, we only get one 50th reunion!**
